

CALL FORWARDING INSTRUCTIONS

Two Ways To Turn On Call Forwarding:

1. Dial *72, wait for second dial tone and dial **(908)**_____.
Ringing will begin and Tri-Caps will answer your circuit. At the moment the Tri-Caps operator answers, _____ the call forwarding goes into effect. You simply tell her you are leaving for the day, etc.
2. Dial *72, wait for second dial tone **(908)**_____. Hang-up. Then, again, dial *72, **(908)**_____, and wait for two short beeps (Verizon) or a tone (Sprint).
The two short beeps or _____ a tone indicate that the call forwarding is in effect. (Money saving- no connection to Tri-Caps is required.)

Terminating Call Forwarding:

Dial *73 and wait for two short beeps or a tone. The two short beeps or the tone indicate that the call forwarding is terminated.
